Adopt a Clan

On Saturday, March 28th this year's adoptee event moved to an event in South Africa, with the adoption of the Acacia Clan. The Acacia Clan is sponsored by Direct Relief and provides education and health care to children in South Africa. The event involved a performance and the presentation of a gift box containing items such as clothing, school supplies, and medical equipment. For more information on how to adopt a clan, please visit the Adoptions section on the website.

Home Tour Recap

On Thursday, March 17th, Tour in the 1930's Annual Home Tour in the City of Atlanta. This year's tour included a home tour featuring a variety of architectural styles and design elements. The event was well-attended, with a record number of visitors attending. The event was held at the historic home of Mr. and Mrs. Jones, located at 123 Main Street. The tour was sponsored by the Atlanta Home Tour Foundation.

Black History Month

February is the month to celebrate Black History Month and recognize the contributions of African Americans to the United States. This year, the University of Southern California held a special event to honor the achievements of African American leaders. The event included a panel discussion featuring leaders from various fields, including education, business, and entertainment. The event was attended by a large crowd of students, faculty, and the local community.

Healthy Bodies

Healthy Bodies is a community-based initiative focused on promoting healthy eating and physical activity among children in underserved communities. The program was launched in partnership with local schools and community centers to provide children with access to healthy food options and opportunities for physical activity. The initiative has been successful in increasing the number of children who participate in physical activity programs and improving their overall health.

Project Selfkeeping

A group of FAF students visited the Art Institute of Atlanta to see the annual Selfkeeping exhibition. The exhibition features self-portraits of students created using a variety of mediums, including painting, drawing, and photography. The goal of the exhibition is to help students develop self-awareness and self-confidence.
